

ROD & GUN GAZETTE

VOLUME 8: ISSUE 4

JUNE 2007

LETTER FROM THE PRESIDENT

Steven J. Davis, President

As summer begins here at the Fin many of our activities are well underway. The club has hosted registered skeet and trap shoots, as well as a number of sporting clays shoots on a course that you won't find better anywhere. In May, Pat Enright put together the second "annual" Children's Weekend which culminated with the Kid's Fishing Derby. If you have a child, grandchild, niece/nephew and have not had them participate in this activity, you're missing the boat on what has rapidly become a premier event.

On the grounds, our approximately 4,000 pheasants have arrived and the hard work it takes to raise them into world-class birds is ongoing. This is without a doubt the most labor intensive chore at the Fin and this program needs you the hunter and you the member to help out!!! The same 4 or 5 people cannot be solely responsible, day in and day out, for the 6 months of effort that this program requires. Contact the Club or Tom O'Neil and do your part!!!

Summertime brings warmer weather and a little more quiet to the Fin property. With many people and families on vacation the dead of summer erupts one weekend day each year when 500+ people converge on the grounds for our biggest party of the year, the annual summer picnic. This year it will occur on August 19th and additional details are available in this issue. This is another staple of tradition not to be missed. Bobby T throws a heck of a bash and to me, although it's still summer, the scent of hunting now looms just a couple of weeks away.

I hope everyone is enjoying their summer. We are rolling right along and like I always say there is something for everyone here at the club.

PHOTOS AND THE NEWSLETTER

The newsletter is improved considerably when members forward digital photographs to me. However, we have one very important request. If you have taken photographs that include children (i.e., less than 18 yrs old), we cannot publish them without permission from each child's parent(s). In order to feature our many opportunities for youth involvement in outdoor activities that we support it's critical to show kids having fun. These experiences are a big part of why we do what we do. So let's not be deterred by this paperwork requirement. If you have a photo of a child participating in Fin, Fur and Feather Club activities, just have the parent(s) address a letter "To Whom It May Concern", include a statement of permission and sign. The letter can be left at the Bar for placement in the newsletter editor folder.

If you would like to post articles and/or information in future newsletters, please contact Cameron Faustman (faustman@charter.net ; 423-9101). Thanks.

CALENDAR OF EVENTS

- | | |
|---------|--|
| June 24 | EGF&G Sporting Clays League Shoot |
| July 8 | FFF Sporting Clays League |
| July 10 | Monthly Membership Meeting |
| July 14 | FFF Luau |
| July 15 | FFF Skeet Shoot |

THANKS FOR THE FLOWERS

The Club would like to express its appreciation to Mr. Bill Griswold for donating all of the beautiful flowers that were planted on the grounds. These really make our Club look nice and help to showcase our great facilities to members and visitors alike.

TREASURER'S REPORT

Tom Hoagland, Treasurer

Another newsletter deadline; time sure goes by fast. The financial aspects of our club are in good shape. The Executive Board posts a monthly financial report on the bulletin board in the bar. If you have any questions about this report or any other aspect of the club's finances, just ask me or any other member of the board. This is the time of year at which our accounts look flush as we have collected all dues and assessments and incurred relatively few expenses to date. In each of the past four years that I have helped with the books, it is typical that the remaining portion of the year's expenses will exceed income and so we will need our strong current positive balance for the leaner times ahead.

There has been talk during the Executive Board meetings about creating a mechanism to allow members to donate funds from their estate (i.e., through their Last Will and Testament). Why might an individual wish to include the Fin, Fur and Feather Club in their Will? Is there a financial incentive for a person to make a contribution? Based on current state and federal tax laws, the value of an estate has to be very large to capture any tax advantage and this precludes most of us. So, I guess the incentive would have to be philanthropic. By providing a bequest of funds to the Fin, a member would provide financial support that would help the club to purchase land and equipment for continuation of the shooting sports. We have all witnessed the impacts of urban sprawl on the amount and accessibility of hunting land. The mindset of the general public about guns and their use is not necessarily consistent with how sportsmen feel. As gun enthusiasts we must try and secure the best environment in which we can practice our shooting and participate in hunts. This provides us with a cherished pastime but also provides the opportunity to educate friends and visitors about safe gun use.

Modest contributions can add up to significant sums over time. One of the Executive Board members will be looking into potential procedures for establishing a mechanism for estate gifting. If you have any knowledge about this process or wish to provide suggestions, please share your thoughts with the Executive Board.

MEMBERSHIP SURVEY

Paul Sobol

Thanks to all for your time in completing the membership surveys. Once again, we apologize to the Life members who were omitted inadvertently as a result of surveys being mailed with the membership renewals. The 2005 and 2006 surveys have provided valuable insight for the board that would not be achieved at member or board meetings. Participation was similar to last year's survey, but unfortunately, many members only completed parts of the survey. The results showed that members have taken notice of the changes that were made based on last year's survey input and we will continue to use this process with the 2006 results providing guidance for future improvements.

The key findings/suggestions this year are: improve kitchen and clubhouse (particularly the rest rooms); most skeet buildings are in sore need of door repairs; we need more picnic tables to avoid the frequent moving and associated damage; need to have regular "New Member Orientation" sessions including safe handling of trap/skeet trap equipment; develop a tax free structure that will facilitate member bequests; fishing docks need repair or replacement.

For those members that indicated interest in helping with planning and implementing changes from the survey activities, your names have been provided to the various committee chairmen. However, I encourage all members to be proactive and contact the chairmen directly to help push this process along. Please get involved in your club.

OUT IN THE FIELD

TRAP NEWS

Bob "Moon" Hruskocy, Trap Chairman.

Summer Trap League

There is still time to shoot in the Summer trap league. The format will be the same as that of the past few years. You can shoot your rounds any time you like, just leave your scores at the bar; I will post the scores in the bar as they come in. The season will consist of 500 targets and you will have until the 2nd week of September to complete your rounds. The entry fee is \$20.00 (does not include the cost of your rounds) and will cover the cost of prizes and picnic at the end of the year. You can also shoot the skeet and five-stand league as your entry fee covers all 3 leagues. If you have any questions, please get in touch with me.

SPORTING CLAYS

Thanks to the help of 10 great guys, our first Sporting Clays League Shoot of 2007 was a great success. Despite rain showers, 99 rounds of clay targets were shot. The Ducks Unlimited shoot will have come and gone by the time this is read, but we have additional league shoots scheduled for July 8th, September 9th and the finale on September 30th. Do not forget to support our other Eastern League Club, East Glastonbury Fish & Game, on June 24th and July 29th. As always we can use your help at the shoots hosted at the Fin; it's a fun and productive way to obtain your work hours.

PISTOL NEWS *Dick Palmer*

Hi all, I hope that you pistol shooters have had a chance to come down on Saturday mornings at 10 am to shoot a totally different bullseye target program. Fred Vernic has assembled a real user-friendly program far different from the Wednesday night, NRA regimental type matches. All early reports indicate that shooters have really enjoyed this activity. Furthermore, several folks ventured to the sandpit off the sporting clay range to do some plate shooting and discovered how much fun that can be. John Lonergan has set up this plate course, and is hoping to establish an IDPA course as well to permit shooters to sharpen their skills in home defense, and safe handgun handling. So mark your calendars, and like Bob Barker says, "Come On Down"!

On a disappointed note I am sorry to report that someone fired into one of the trees along the range with .22 rim fire rounds. This tree was cut in half, and then left to lay across part of the range. The identity of the shooter responsible for this unacceptable action is not known, but if I find out who did this, I will make it my job as a club member and officer to terminate their membership. If the guilty party happens to read this column, please join another club; the Fin, Fur and Feather Club does not approve of this type of action. We establish rules and regulations to provide for a safe range, and to allow members and their guests to shoot in a quality environment. Intentionally shooting trees, cans, and rocks is not allowed. The Club's pistol range is only for paper targets, and these must be used within the metal target frames provided at the range. I strongly suggest that members read the rules and regulations posted at the range; they are provided to keep shooters and our neighbors safe. If you are caught abusing the range and violating the rules, you will be disciplined.

The Pistol Range will be CLOSED during the week of July 23rd through July 27th from 9am to 5pm. The Connecticut Explorer Scouts will be using the range as in past years. Oh, one last note, we have a robin nesting on the drop down sun shields for ports 1 through 3. Please do not use that drop down until the birds have fledged and flown away. Until the next time "Keep 'em in the ten range".

NEW ACTIVITIES FOR PISTOL SHOOTERS AND PISTOL BEGINNERS *John Lonergan*

On June 23rd a new series of informal tournaments in the club's sand pit area will take place; start time is 10:00 am. The game is simple; shoot any caliber handgun at steel plates at modest ranges against another shooter who does the same. The shooter that knocks over their plates first will win the "heat". There will be a few classifying heats to try and match shooters of similar skill levels together, though you do not need to be an expert to shoot or win for that matter! All you need to participate is a handgun, .22lr or centerfire (no .357SIG - only standard power loads please) at least 2 magazines, eye and ear protection. I will have pistols available if you do not own one and would like to try the game, just contact me for information. Please sign-up in the bar or contact me directly via E-mail shootergold@sbcglobal.net. The cost will be \$3 per shooter for the entire event. Shooters should bring 100rds of ammo (though you may shoot less). So dust off that pistol and give plate shooting a try!

FIN, FUR & FEATHER CLUB SKEET CHAMPIONSHIP

D. Frommerth.

Please plan to join us on Sunday, September 23rd at 9:00 am for this year's Club Skeet Championship. This will include 100 targets distributed equally (i.e., 25 targets each) among skeet, trap, modern skeet and five stand. The cost is \$20 plus targets and includes a great rib-eye dinner, beer and awards. Non-shooting guests can enjoy the dinner and beverage for \$15.

Participants in the Summer Leagues that have paid their \$20 fee already qualify for the championship. Anyone who wants to shoot only in the championship will be able to sign-up and make their payment in the bar.

Just a reminder that there is still time to join one of the Summer Leagues for Trap, Skeet and/or Five Stand. Shoot all of your targets by September 7th to be eligible for one of the many awards available.

SKEET & TRAP MACHINE SEMINAR

Bob "Moon" Hruskocy, Trap Chairman.

There will be a 1-hr seminar on July 14th at noon, to provide instructions on the proper and safe operation of the skeet and trap machines. All members are required to take this course and upon completion will be issued a "certification card". The card should be in your possession at all times. All new members should attend this course. If you have any questions, please get in touch with me.

SKEET REPORT *Frank Mauri*

On July 15th, a 2-gun shoot will be held (The Fin Open) and then on August 5th another 2-gun shoot (The No-Name Open) will be held. We will need workers and Fin shooters for both these events.

The Northeast Open (NEOPEN), the premier shoot of the Fin's registered skeet competition season, was held on June 1st to 3rd. Competition began on Friday the 1st with the Doubles event which required participants to shoot at two targets in the air at the same time flying in opposite directions. A total of 50 target pairs are shot in 4 rounds. The Fin's Winfield Danielson was the Champion with a score of 94/100.

On Saturday morning, the 20 Ga. event was held and Willie Clark shot the lone perfect score and was the Champion. Ray Gilbert was Runner-up with a score of 99. The Fin's Charles Connell Jr. took Class A1 with a score of 98 besting Winfield Danielson who also had a 98 but who lost in the shoot-off. Winfield settled for A2. The 28 Ga.

event was held Saturday afternoon and witnessed three high scores of 99. The shoot-off for establishing the champion was won by Willie Clark; Andre St. George was Runner-up and Chip Smith took Class AA1. The Fin's John Stropparo won Class A1 with a score of 98 and Winfield Danielson was B1 with a score of 95. Saturday's events were concluded with a delicious buffet served to all participants at the upper clubhouse.

In contrast to Friday and Saturday's sunny, hot and humid weather, Sunday started dark, dreary, somewhat cool and promising rain. The latter never occurred but a more notable absence, one that was welcomed by all, was that of the vaunted Fin wind. The 12 Ga. event occurred in the morning and when all shooters were finished a total of 4 perfect scores of 100 had been recorded. The shoot-off held later in the day resulted in Geoffrey Turner becoming the Champion, with Andre St. George as Runner-up. The Fin's John Mathewson and John Stropparo settled for Class AA1 and AA2, respectively. Richard Palmer, also from the Fin, won Class B1 with a score of 94. The .410 event finished the shoot and for the first time in a long time the wind was no factor. Willie Clark emerged as the Champion with a 97 and Ray Gilbert was Runner-up with a 96. Barry Rich of the Fin won Class C1 with an 83.

The High-Overall-Championship was divided into 2 classes based on the shooter's .410 averages. The 400 targets shot on Saturday and Sunday were used to determine the winners. Willie Clark won Class 1 with a 395/400 and Chip Smith won Class 2 with a 389/400.

The Fin wishes to thank the shooters who participated in this competition and we are especially grateful to those Fin members that participated. Special thanks are extended to the volunteer workers that made the event possible including, Bill Spears and Dick Palmer who cut the grass on the fields; Allen Perry, Art St. Lawrence, Bill Dixon, and Elmer MacCluskey who helped with a little bit of everything. John Mathewson and Charles Connell Jr. participated as shooters and workers. Frank Decker refereed both days, all day, donating his time and effort to ensure the success of the shoot. Connie Mauri and Francis Dorso ran the field kitchen both days and set up the buffet for Saturday evening. Many thanks to you all!

JUNIORS

JUNIORS WEEKEND *Patrick Enright*

We had another great weekend this year. The weather was beautiful and the kids were enthusiastic. Nearly 50 youth took part in camping, air rifle, .22 pistol, shotgun, black powder, tomahawk-and-knife throwing, archery, fly fishing, a hunting dog demonstration, and the annual Kid's Fishing Derby. We had a Tee Pee and Hunters Tent set up for kids to visit, and a fantastic sold out Chicken Barbecue on Saturday night.

I cannot begin to thank all of the many dedicated individuals involved. Club members should know that along with their time (approximately 300 man hrs.), many of the instructors and other volunteers also made donations to the program! The vast majority of the ammunition used that day was donated and included 1700 rounds of shotgun ammo! There were some large cash contributions received and another member donated the entire Lunch! If it were not for these donations this program would lose money for the club. As a result of members' generosity, we raised \$380 for the Children's fund! My sincere gratitude goes out to all of you who helped make this a great weekend for the kids!

Special thanks go out to our guest instructors and contributor, Bill Hall of the Sagittarian Archery School (www.kidstargetarchery.com), who will be opening a local indoor range this September; Jennifer Broome of Quinebaug Kennels (www.quinebaugkennels.com); and Gary Brummett of CT Outfitters (www.ct-outfitters.com) who donated fishing equipment for the Kid's Derby. We also experienced Alan Gnann's expertise in the fly fishing clinic and if you have ever thought of building your own Fly or Spin Rod then you should definitely check out his company 'REC Components' (www.rec.com). If you have Youth Archery, K-9, or Fishing needs then these are the people to see! Please support those who support your club and especially those that contribute to the development of the next generation of sportsmen.

SPRING TURKEY HUNT

Reports from the Jr Turkey Hunter Training Day were fantastic. I know of three youth hunters that took part in the hunt this year and there was 100% success. We all know that you do not have to harvest a turkey for it to be a good day in the woods, but when you take your first Tom, it makes a good day great! Congratulations to all of the youth hunters and adult mentors. We all have someone special that got us started hunting or fishing and instilled in us our love for the outdoors. I urge all of you to 'pass it on' to the next generation!

SUMMER TRAP LEAGUE YOUTH DIVISION

This year, in conjunction with the summer trap league, there will be a youth division included. Rules are similar to those for regular members with the following exceptions:

- (1) Jr. Members compete for awards in their division only,
- (2) They only shoot Trap so that those competing are all shooting the same type of targets, and
- (3) Jr. Members need only to shoot 250 targets (not 500) to complete the league and be eligible for prizes.

If you have any questions or would like to get together and have our kids shoot on the same day/evening, please contact me and we will work it out.

If anyone has an idea for or would like to run a Juniors Program please contact me. Patrick Enright (penright22@yahoo.com), Juniors Programs, 860-377-3639.

EVENTS

HAWAIIAN LUAU

The 2nd annual FFF Hawaiian Luau will be held Saturday, July 14th from 5 pm to midnight. Tickets can be purchased at the Bar for \$20 each; food, beer and music will be provided. That's a pretty good price to enjoy a bit of the south Pacific in eastern Connecticut!

ANNUAL FIN, FUR AND FEATHER FAMILY PICNIC

Bob Theriault

The annual family picnic will be held on Sunday, August 19th from noon through 6:00 pm at the FFF Clubhouse. This is one of the most enjoyable activities that the club sponsors each year and we encourage all members and their families to attend. Food is plentiful and includes hot dogs, hamburgers, kielbasa, steamers, cherrystones, chowder, corn, watermelon and beer, wine and softdrinks. As in the past, there will be many games for kids and adults, and the annual horseshoe tournament. A DJ will provide music for your listening pleasure and for dancing. A raffle will provide participants with an opportunity to win some great prizes including a TV, VCR, a 10-12# lobster and several other items. See Connie Mauri for more information on the raffle.

This year's version of the Picnic will feature a Dessert Bake-Off Contest and a special raffle of a Handmade Hunter's Quilt in memory of Milton C. Beebe. See below for additional details.

The cost of admission is as follows: Adults (i.e., 18 yrs), \$10; Teens (i.e., Ages 12-17 yrs), \$5; Children (Ages 1-11 yrs), Free.

A final note; All Ranges Will Be Closed Noon on August 19th.

DESSERT BAKEOFF AND SILENT AUCTION AT THE FAMILY PICNIC

Laura and John Pawelec

Enter your best non-refrigerated summer dessert in the FFF Family Picnic Dessert Bakeoff and silent auction. The winning dessert chef will be determined as the individual whose culinary creation receives the greatest number of 'ticket votes', and will be rewarded with a cash prize of \$50! Each individual dessert will then be raffled by selecting one ticket from among those tickets cast as votes and there will be one lucky winner per dessert. Please sign up in the bar or with Nancy Davidson (456-8782). Call Nancy if you have any questions.

CONNECTICUT WATERFOWLER'S ASSOCIATION AT THE FIN

The Connecticut Waterfowler's Association (CWA) will be coming to the Fin on the morning of Saturday, August 4th. This event will serve as their Annual Kid's Day, but any and all are welcome to participate. The event will be held by the middle pond and will have CWA members showing off their duck rigs, decoys, boats and other equipment. This is CWA's way to introduce youth to waterfowling, and our facility provides an excellent venue for these outdoorsmen to showcase their hunting interests. The kids learn about waterfowling, shoot some clays and have the rare opportunity to see 4,000 pheasants running around! It's great exposure for our tremendous facility and provides the opportunity to potentially recruit some new members.

BAR SERVICE AND MEMBERSHIP

This is a very important reminder. Members cannot be served at the bar unless they present their membership card to the bartender – this is a state regulation. In the event that a member forgets their card and still wishes to purchase beverages, they must sign their name in the bar book/log. Please abide by these requirements to help our bartenders and to ensure that the Club will not be fined by the state liquor commission.

THE CHILDREN'S FUND COMMITTEE HAS BEEN BUSY!

The FFF Annual Easter Egg Hunt went well with 50 egg hunters and 1 special guest, a gray squirrel that ate a hole through one of the plastic eggs. Thanks are expressed to everyone that showed up the Friday evening before the hunt to stuff eggs. Many hands make light work and we stuffed 600 eggs in 30 minutes! Also, thanks to those individuals that arrived early on the egg hunt day and helped to hide the eggs and set up the hall.

The Children's Fund hosted a **SOLD OUT** Chicken BBQ on Saturday, May 5th. One-hundred tickets were sold to this event that resulted in a profit of \$670. Our appreciation is extended to Mike Franklin and Tom Peterson for their help in cooking all of the chickens. Special thanks to Mike Sobol for donating food.

Setback nights have been very successful. The last setback event of the season was held on Saturday May 12th; competitions will resume again in September. Thanks to the Hoagland family for their delicious appetizers, John Pawelec for great intermission snacks, and especially Allison Hoagland for her assistance in making the tournament run so smoothly.

MERCHANDISE

New T shirts, sweatshirts and hats have arrived and are available for purchase. Please see the bartender during your next visit to the Club as you will not want to miss out on these fine items. Brenda Liappes (the bar permittee) has volunteered to assume responsibility for merchandise sales; please see her if there are particular items of interest to you.

HAND-MADE HUNTER'S QUILT IN MEMORY OF MILTON C. BEEBE

The quilt pictured below will be raffled at the Annual Family Picnic. The quilt was made by relatives of Milton C Beebe, a charter member who passed away last year. Further information is available from Bob Theriault.

ARMBANDS 2007

Donald A. Bajger, Hunting Committee Chairman

This year, Armbands will be mandatory for all members hunting club-owned and club-leased property. This will include Deer, Turkey, Waterfowl, Pheasant and Upland Small Game.

Written consent forms will only be issued to members in good standing who have purchased an armband for the 2007 calendar year. Armbands and consent forms will be available for pick-up at the same time. In an effort to make things easier for everyone we will no longer have the pheasant hunting group applications. When you purchase your 2007 armband at the clubhouse, just tell the bartender which group you wish to hunt with (Group A, B, or Wed.) and he/she will issue the armband and assign you to the specific group. The cost for a 2007 armband is \$10 and may only be purchased at the bar during regular bar hours from April through December 2007.
